CS03410
Coaxial Cable Stripper

Major Tech's Rotary Coaxial Cable Stripper, a versatile tool designed for precision in cable-stripping tasks. This three-blade model is ideal for coaxial cables ranging from 4mm to 10mm in size. The rotary feature, coupled with a finger opening in the handle, ensures ease of rotation for efficient cable stripping. With easy adjustability to strip both inner and outer cores in a single operation, this coaxial cable stripper offers convenience and accuracy. Upgrade your toolkit with this reliable and user-friendly solution for cable-stripping needs, providing efficiency and precision in every operation.
