

VRRS RANGE 1000V Insulated Ring Gear Wrenches

When your work involves live conductors and electrical systems, safety is non-negotiable. Major Tech's 1000V Insulated Ring Gear Wrenches provide the ultimate peace of mind. Fully insulated for use on live conductors up to 1000V AC, these wrenches comply with the stringent IEC 60900 standards. Each tool is meticulously tested to 10,000V to ensure your safety. Crafted from robust chrome vanadium steel, these wrenches are built to last. Their unique design drives metric sizes, making them versatile for a range of tasks. With 72 teeth, they offer high precision and torque, making them indispensable for electricians and professionals working with live electrical components. These wrenches are the epitome of safety and reliability, ensuring your work is executed with utmost confidence.

Features

- Fully insulated for use on live conductors up to 1000V AC
- Conforms to EN 60900 standards
- Individually tested to 10 000V
- Chrome vanadium steel
- Unique design drives metric sizes
- 72 Teeth
