

EP0109 Plier with Crimper

Major Tech's Electricians Plier with Crimper is a versatile and reliable tool designed for the needs of electricians. Crafted from quality 50CRV Chrome Vanadium, it ensures guaranteed cutting-edge hardness with HRC 58-63, making it suitable for both hard and soft wires. Individually tested to 10,000V, this plier provides a high level of electrical safety, meeting the 1000V safe standards. The heavy-duty TPE rubber-insulated handle grips offer a comfortable and secure grip during extended use. This plier comes equipped with a crimp slot, adding versatility to its functionality. With a length of 225mm, a 55mm head, and a handle length of 170mm, this tool provides the precision and strength needed for various electrical tasks, including crimping applications.

Features

- Guaranteed cutting edge hardness
- HRC 58-63 suitable for both hard & soft wire
- Quality 50CRV Chrome Vanadium
- Individually tested to 10 000V
- Heavy duty TPE rubber insulated handle grips
- 1000V Safe
- Includes a crimp slot

Product Code	Length	Head	Handle
EP0109	230mm	55mm	170mm

Heavy duty TPE rubber insulated handle grips

HRC 58-63 suitable for both hard & soft wire
