

KV-5RSP 1000V Insulated Ring Wrench Set

Our KV-5RSP 1000V Insulated Ring Wrench Set is the ultimate solution for safely working on live conductors up to 1000V AC. Complying with IEC 60900 standards and individually tested to 10,000V, these wrenches guarantee your safety in electrical work. Crafted from durable chrome vanadium steel and designed for driving metric sizes with precision, these tools offer both quality and safety. The set consists of five essential head sizes: 10mm, 12mm, 13mm, 14mm, and 17mm, covering a range of applications. This set is conveniently stored in a protective carrying case, making it easy to access and transport. For professionals and DIY enthusiasts prioritizing safety while working with electricity, our 1000V Insulated Ring Wrench Set is the perfect choice. Trust Major Tech for dependable, secure tools.
