

MT180 Carbon Monoxide Meter

The MT180 Carbon Monoxide Meter makes it easy to take quick and accurate measurements of CO levels. A loud buzzer sounds when the level increases above 200ppm. The max hold function displays the maximum CO level.

Features

- From 35 PPM to 200 PPM, the buzzer sounds intermittently with the concentration of CO
- Above 200 PPM, the buzzer sounds continuously with the concentration of CO
- Common sources of potentially dangerous levels of CO are Poorly maintained: furnaces, Fire Places, Gas Heaters, Flue Exhausts, and Coal Mining Environments
- Fast sample time
- Max Hold function
- Large 1999 count LCD dual display with function indication
- Backlight LCD for dimly lit areas
- Handy pocket size

Function	Range
Measuring Range	0 to 1000ppm
Measurement Resolution	1ppm
Measurement Accuracy	± (5%) or ± (10PPM)
Sensor Type	Stabilized electrochemical Gas-specific (CO)
Warm Up Time	<2 Seconds
Response Time	Less than 2 sec (up to 40% lcl)
Enclosure	Rubber Holster
Power Source	6F22
Weight	180g
Dimensions	160 x 56 x 40mm
