

The VBM1922FLA is an IP20-rated 21-Pole Flush Mount switchboard, with a compact 1-row height, it can accommodate up to 22 individual 18mm modules, providing an efficient and reliable electrical distribution solution for your space. Crafted from high-quality, powder-coated iron, the durable metal tray ensures strength and longevity, securely housing all components without the need for an additional metal protection plate, which is often required with plastic trays.

Conforming to Australian compliance standards AS/NZS 61439 and AS/NZS 61000, the VBM1922FLA switchboard is equipped with an Earth & Neutral Bar, offering enhanced safety and reliability in electrical installations. The adjustable DIN rail and front cover simplify the installation process, ensuring a level and secure setup. Additionally, included switchboard labels make circuit identification easy, helping to maintain a tidy and organized electrical system.

This VBM1922FLA switchboard is the ideal choice for those seeking a robust, efficient, and organised electrical solution.

### Product Specification

Function	Description
<b>Overview</b>	
Colour	White
Level Installation	Adjustable Cover & Din Rail
Cover Mechanism	- Effortless Push-to Open - Ensures a perfectly flat board when closed
<b>Technical</b>	
Mounting Support	Din Rail
Mounting Type	Flush
Number of Modules	22 modules of 18mm
Number of Rows	1
<b>Knock Outs</b>	
Top	5x 20mm, 2x 25mm & 2x 32mm
Bottom	5x 20mm, 2x 25mm & 2x 32mm
Right Side	2x 25mm
Left Side	2x 25mm
<b>Material</b>	
Cover	High Quality ABS Plastic
Tray	Powder coated iron
Earth/Neutral Bar	Copper
IP Rating	IP20
<b>Dimensions</b>	
Overall	466 x 210 x 97mm
Wall Box	436 x 192 x 77mm
<b>Standards</b>	
AS/NZS Standard	AS/NZS 61439, AS/NZS 61000
<b>Warranty</b>	
Limited Warranty	5 Years

Adjustable Cover & DIN Rail for an Easy & Level Installation

Metal Tray Provides Strength & Durability

Effortless Push-To-Open Mechanism

Label Circuits Clearly and Neatly for Easy Identification
