

VOSP RANGE 1000V Insulated Open Spanners

When it comes to electrical work, safety and reliability are paramount. Major Tech's 1000V Insulated Open Spanners provide you with the assurance you need. These spanners are fully insulated for use on live conductors up to 1000V AC, ensuring your protection. They conform to the rigorous IEC 60900 standards and have been individually tested to 10,000V for your peace of mind. Crafted from high-quality chrome vanadium steel, they offer durability and precision. The unique design drives metric sizes, making them versatile tools for various tasks. Whether you're a professional electrician or a DIY enthusiast, these spanners are an essential addition to your toolkit, providing both safety and reliability in one.

Features
