

## MBHA-12CB LED Bulkheads

This 12W IP54 LED based oval bulkhead is capable of producing 1080 lumens and is designed as a replacement for traditional bulkheads. The housing and diffuser are made of high quality polypropylene which is waterproof and resistant to environmental factors. The lighting source is made up of high power SMD 2835 LEDs, which in turn are directly connected to the housing ensuring heat dissipation and a longer lifespan. The MBHA-12CB offers a cool and pure 6500K light output for improved visibility. According to regulations, all electrical equipment must be installed by a qualified electrician.
