

## MBHA-18CB LED Bulkhead

This 18W IP54 LED based oval bulkhead is capable of producing 1620 lumens and is designed as a replacement for traditional bulkheads. The housing and diffuser are made of high quality polypropylene which is waterproof and resistant to environmental factors. The lighting source is made up of high power SMD 2835 LEDs, which in turn are directly connected to the housing ensuring better heat dissipation and a longer lifespan. The MBHA-18CB offers a cool and pure 6500K light output for improved visibility. According to regulations, all electrical equipment must be installed by a qualified electrician.
