

VHSJ0106 Insulated Junior Hacksaw

Major Tech's VHSJ0106 is a 150mm 1000V Insulated Junior Hacksaw designed for safe use on live conductors up to 1000V AC, conforming to IEC 60900 standards and individually tested to 10,000V. It offers an ideal solution for cutting small and delicate pieces in electrical work, where the weight of a standard hacksaw might risk damaging the workpiece. With a size of 270mm in length, 110mm in handle, and 150mm in blade, this insulated junior hacksaw facilitates easier use in confined spaces while ensuring safety when working on live electrical components.

Features

- Fully insulated for use on live conductors up to 1000V AC
- Conforms to IEC 60900 standards
- Individually tested to 10 000V
- Ideal for cutting small delicate pieces of work where the weight alone of the standard hacksaw may cause damage to the workpiece
- Easier to use in confined spaces
